January 24, 2001

TO WHOM IT MAY CONCERN:

3M FireDam™ /Fire Barrier Spray

The 3M FireDam™ or Fire Barrier Spray after five years in an interior application will remain adhered to the substrates and remain flexible providing that the product has been stored and applied per the 3M Product Data Sheet; and per the appropriate Underwriter's Laboratories, Inc. or Omega Point Laboratories, Inc. listed firestop system.

A handwritten signature in black ink, appearing to read "Max Harshbarger". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
