## USB 2.0 Hub

### The art of connectivity...

by ora-ito<sup>®</sup>

### Unique Design

Form and function combine beautifully with the modern design and instant connectivity of the LaCie USB 2.0 Hub. Its eye-catching look and convenient functionality make it truly one-of-a-kind. With seven downstream USB 2.0 ports and one upstream USB 2.0 port, it's ideal for connecting all of your devices at once.

### Multiple Uses

This exceptional hub ensures that your work station is equipped with the technology you need to access everything simultaneously. With the LaCie USB 2.0 Hub, you can connect to seven external devices, such as LaCie hard drives, simultaneously. The Hub is also great for charging your iPod, camera, cell phone and other devices that charge from a USB port.

### Full-Featured Fun

Bundled with 8 flexible cables, an external power supply, a USB extension cable, and a flower petals kit, the LaCie USB 2.0 Hub comes fully equipped for making all of your connections while offering extra fun features. With 3 different kinds of USB cables included, chances are, the one you need is already there.

### High Fashion Look

The award-winning Hub was designed exclusively for LaCie by Ora-Itto – the internationally acclaimed designer of the LaCie Brick as well as other amazing products. Made of strong polycarbonate, its round bulb-like shape, glossy white finish, and flexible cables give it a distinctive look that you can customize. Each port is linked to a colorful LED that illuminates through the casing when a device is plugged in.
