CableOrganizer.com Now Offering Nearly 400 Corning[®] Fiber Optic Cabling Products in its Comprehensive Online Catalog

Industry-leading provider of cable, wire and equipment management solutions offering a wide array of Corning fiber optic cables, connectors, housings, kits & testers and other high demand products for the telecommunications and optical semiconductor industries

FORT LAUDERDALE, FL, March 1, 2010 – Award-winning eTailer CableOrganizer[®].com (<http://CableOrganizer.com>), among the world's foremost providers of cable, wire and equipment management-related products for use in business and at home, today announced that it continues to cultivate its line of Corning cable system solutions offered for indoor, outdoor, aerial, riser and plenum applications with an array of Corning products available through its industry leading online catalog at <http://cableorganizer.com/corning-cables>.

Corning has set the standard for fiber optic networks worldwide, today producing a full 40% of the world's total supply of optical fiber. CableOrganizer.com offers Corning's [MIC[®]](#), [FREEDM[®]](#) and [ALTOS[®]](#) lines, among others, and is a leading source for [Corning UniCam[®] fiber optic connectors](#) and [termination tool kits](#), Corning [wall-mount connector housings](#) and Corning's Quad Wavelength Intelligent Test Kit.

"From the time they introduced fiber optic technology in the 1970s, Corning has remained the world authority on the technology," notes Paul Holstein, co-founder and COO of CableOrganizer.com. "As such, we're proud to offer an extensive array of Corning cable system solutions to our valued customers."

The following are among the Corning fiber optic products CableOrganizer.com carries:

Corning UniCam[®] Multimode Connectors

Corning Cable Systems LLC, part of Corning Incorporated's (NYSE:GLW) Telecommunications segment, is a leading manufacturer of fiber optic communications system solutions for voice, data and video network applications worldwide. They offer the broadest range of end-to-end fiber optic and copper product solutions for customers' telecommunications networks. Their technology put companies at the forefront of network innovation, pioneering many of the global products and solutions commonly used in state-of-the-art cabling systems. Corning Cable Systems develops and manufactures fiber optic cable, fiber optic and copper cable hardware and equipment including frames, cabinets, terminals, network interface devices, splice and test equipment, cable assemblies and fiber optic and copper connectors; as well as providing network services worldwide. Our commitment to total quality and superior customer satisfaction distinguishes us as a leader in the telecommunications industry.

Consumers may order a wide array of Corning fiber optic cable system solutions online at <http://cableorganizer.com/corning-cables> or via toll-free telephone at 1-866-222-0030.

About CableOrganizer.com

Founded in February 2002 and headquartered in Fort Lauderdale, FL, CableOrganizer.com is a premier cable and wire management-related product vendor. The company provides companies, organizations and individuals around the globe with 24/7/365 access to an extensive array of high-quality products and information resources through its convenient online storefront. In addition to <http://CableOrganizer.com>, the company also owns and operates <http://CableOrganizer.fr>, which is operated out of Rennes, France. CableOrganizer.com also publishes "On the Wire," a free monthly electronic newsletter with a considerable multi-national opt-in circulation base. Among other honors, CableOrganizer.com is continually named among *Inc. Magazine's* Inc. 500 and 5,000 and *Internet Retailer* magazine's "Top 500." CableOrganizer.com also ranked on DiversityBusiness.com's list of "Top 500 Women Owned Businesses in the U.S." and was named among the *South Florida Business Journal's* "Best Places to Work."
